

CASA™ ACM 60

Powered ceiling monitor

Product Summary

- The ACM 60 is a co-axial, two-way speaker designed as a space saving, circular-fixture suitable for ceiling, wall or soffit mounting. This flexible unit employs a 6.5-inch bass/mid-range driver and 1-inch tweeter, on-board 20W amplification and heatsink for heat dispersion.

The Casa system was awarded
Innovations Award 1998
CES/Las Vegas USA

Product of the Year 1998
Hi-Fi Grand Prix Award
Audio Video International USA

Product of the Year 1999
Hi-Fi Grand Prix Award
Audio Video International USA

Description	2-way coaxial ceiling mount powered speaker system	Frame size	Diameter: 230mm
Drive units	1 x 25mm polyester high-frequency 1 x 165mm polypropylene mid/bass	Cut-out diameter	200mm
Frequency response	60Hz – 20kHz ± 3dB on reference axis	Min depth required	89mm from wall surface
Input	Balanced, 1.2VRMS sensitivity, 20k impedance	Power requirement	+/- 24V active, +/- 12V standby
Amplifier Power	20W	Standby power	less than 0.5W
