

# ASW 600

**B&W**  
Bowers & Wilkins

ASW600 is ideally suited to small to medium-sized home theatre installations using the DM601 S3, DM602 S3 or DM602.5 S3 in the main speaker positions. Large enough to deliver rich, deep bass but, being a closed-box system, does so only from its front face, which allows plenty of flexibility in positioning.
