

ASW 650

B&W
Bowers & Wilkins

The ASW650 has all the attributes of the ASW600, but is more suited to larger rooms because of its greater output capability, achieved by a combination of a larger cabinet, driver and amplifier. In this case the driver is a 300mm (12 in) unit that can go lower in the bass than its smaller sibling. Its capabilities are fully exploited by the powerful 200W on-board amplifier. Like all B&W subwoofers, two or more units can be daisy-chained together should even higher levels be needed.

<i>Description:</i>	Active closed-box subwoofer system	<i>Amplifier power output:</i>	200W continuous
<i>Frequency range(-6dB):</i>	20Hz and 180Hz	<i>Dimension: (not including feet)</i>	H 417mm W 415mm D 495mm H 16.4" W 16.3" D 19.5"
<i>Frequency response(±3dB):</i>	25Hz and 150Hz	<i>Weight:</i>	25.5 kg / 56 lbs.
