

The 300 Series is expanded with the DM309 floor standing model.

This slim, elegant system adds an extra bass driver to the multi award-winning DM303 formula to give a more extended bass response and the ability to portray a convincing sound stage in larger rooms.

Using developments first seen in the B&W Nautilus range - as used by Skywalker Sound and Abbey Road Studios - 300 Series brings a new level of technological refinement and performance to this sector of the entry level speakers.

# DM309

Technical features	Nautilus™ tweeter Flowport
Description	2½-way vented-box system
Drive units	1x ø26mm (1 in) alloy dome high-frequency 1x ø160mm (6 in) woven fibreglass cone bass/midrange 1x ø160mm (6 in) woven fibreglass cone bass
Frequency range	-6dB at 40Hz and 42kHz
Frequency response	60Hz - 22kHz ±3dB on reference axis
Dispersion	Within 2dB of reference response Horizontal: over 40° arc Vertical: over 10° arc
Sensitivity	88dB spl (2.83V, 1m)
Harmonic distortion	2nd and 3rd harmonics (90dB, 1m) <1% 90Hz - 20kHz
Nominal impedance	8Ω (minimum 3.0Ω)
Crossover frequency	150Hz, 4kHz
Recommended amplifier power	25W - 120W into 8Ω on unclipped programme
Max. recommended cable impedance	0.1Ω
Dimensions	Height: 910mm (35.8in) Width: 201mm (7.9in) Depth: 305mm (12in)
Net weight	19.5 kg (42.9 lb)
Finishes	Cabinet: Maple vinyl Black Ash vinyl Grille: Black cloth

*The Nautilus™ tube-loaded tweeter ensures far greater absorption of unwanted radiation away from the rear of the diaphragm.*

*Flowport is B&W's familiar dimpled design that reduces turbulence noise to negligible levels. It is located at the back on DM303, DM309 and LCR3, and at the bottom on ASW300.*

Maple

Black Ash

*Two cabinet finishes are available for DM309*
