

# DM™ 603 S2

## Floor-standing loudspeaker system

### Product Summary

- The DM603 S2 is the entry level floor standing speaker in the 600 Series2. The speaker comes into its own as a front speaker in larger Home Cinema installations and, as with any model in the range, it is a superb monitor for 2-channel audio.
- The 2<sup>1</sup>/<sub>2</sub>-way system uses a second bass-only driver to supplement the output of the upper bass/midrange driver in the lowest octaves. This arrangement improves system power handling and reduces demands on the bass/midrange driver, which in turn improves midrange clarity.

### Technical highlights

Nautilus™ Tweeter: B&W's Nautilus Tweeter technology ensures that the sound remains focused and time-sensitive and that the stereo-image is presented with unparalleled three dimensional accuracy.

Kevlar®: B&W developed and patented the method of using Kevlar® for loudspeaker cones to reduce unwanted standing waves. DuPont originally created Kevlar® for use in bulletproof vests.

#### WHAT HI-FI?

Awarded the Home Cinema Speakers - Best Buy Speaker Package along with the 601S2 and CC6S2 What Hi-Fi Awards 1999

<b>Description</b>	2 <sup>1</sup> / <sub>2</sub> -way vented-box system	<b>Nominal impedance</b>	8 (min 4.3 Ω)
<b>Drive units</b>	1 x 25mm metal dome high-frequency 1 x 180mm woven Kevlar® cone bass/midrange 1 x 180mm paper/Kevlar® cone bass	<b>Power handling</b>	25W - 150W into 8 ohm on unclipped programme
<b>Frequency response</b>	48Hz - 20kHz ± 3dB on reference axis	<b>Dimensions</b>	Height: 850mm Width: 236mm Depth: 306mm
<b>Sensitivity</b>	90dB spl (2.83V, 1m)	<b>Finishes</b>	Cabinet: Cherry or Black Ash Vinyl, Grilles: Black cloth
