## Floor-standing loudspeaker system

### Product Summary

- Art meets music. This unique speaker achieves the perfect balance of aesthetic appeal to eye and ear. Beautifully designed, and yet still a statement of serious audio intent, this speaker delivers superb power handling, low frequency response and minimal distortion.

### Technical highlights

- Tweeter: B&W's Tweeter technology ensures that the sound remains focused and time-sensitive and that the stereo-image is presented with unparalleled three dimensional accuracy.

Kevlar®: B&W developed and patented the method of using Kevlar® for loudspeaker cones to reduce unwanted standing waves. DuPont originally created Kevlar® for use in bulletproof vests.
