

# HTM2D

**B&W**  
Bowers & Wilkins

Designed to partner the 803D, and even the 802/801/800 models when space restrictions preclude the larger HTMD, the HTM2D features the phenomenal diamond dome tweeter in a full 3-way centre speaker. In the main Matrix™ cabinet, the Kevlar® cone FST™ midrange driver is accompanied by two 7" bass drivers, their Rohacell® sandwich cones combining with twin, rear-facing Flowports™ to ensure great dynamics and control.

Thanks to its magnetic shielding, the HTM2D can be placed close to CRT-based TVs and rear projectors, on either a custom shelf or the FS-HTM floor stand. This stand supports the speaker at a height low enough to allow the use of large projector screens that come to within 2 ft. of the floor and has zero, 4 or 8 degrees of tilt back so that the speaker can be directed towards the listeners.

*Description:* 3-way vented-box system

*Frequency Range:* -6dB at 35Hz and 33kHz

*Frequency Response:* 41Hz – 28kHz ±3dB on reference axis

*Sensitivity:* 90dB spl (2.83V, 1m)

*Nominal Impedance:* 8Ω (minimum 3.1Ω)

*Dimensions:* H 329mm W 841mm D 387mm  
H 13" W 33.1" D 15.2"

*Weight:* 31 kg / 68 lbs.

*Finishes:* Cherrywood, Rosenut, Black Ash
