

# LCR600 S3

**B&W**  
Bowers & Wilkins

This is the larger of the two LCR (Left, Centre, Right) models in the range. Its greater volume and larger drivers make it more suitable to partner the larger models in the range as a centre speaker. Like the LCR60 S3, the ability to use the LCR600 S3 in either horizontal (more usual in the centre position) or vertical orientation, together with its magnetic shielding, makes it an extremely versatile speaker. This is especially relevant when considering the practical problems of successfully accommodating five speakers in a domestic home theatre installation.

*Description:*

2.5-way vented-box  
centre system

*Impedance:*

8Ω (minimum 3.0Ω)

*Frequency range(-6dB):*

48Hz and 42kHz

*Dimensions:*

H 204mm W 545mm D 311mm  
H 8" W 21.5" D 12.2"

*Power handling:*

150W into 8Ω

*Weight:*

12.5 kg / 27.5 lbs.

*Sensitivity:*

89dB spl (2.83V, 1m)
