MODEL CDP 1.5

CDP 1.5

CDP-1.5 FEATURES

The CDP-1.5 includes a remote control and with all the usual functions expected from a high quality player, including PLAY, PAUSE, REPEAT, PLAY TRACK and PROGRAM TRACKS. Front panel controls include: POWER, LOAD, PREVIOUS TRACK (-), NEXT TRACK (+), STOP and PLAY/PAUSE. The CDP-1.5 is housed in a beautiful contoured, slimline Anodized aluminum chassis, with a pleasing living-room-friendly two-colour faceplate. It has a pair of stereo analog Balanced XLR audio outputs, a stereo pair of RCA outputs, and digital output ports in AES/EBU and RCA co-axial formats. The three-wire line cord is detachable.

CDP-1.5 SPECIFICATIONS

Wow and Flutter

Below measurement level

Jitter

Below measurement level

Frequency response

DC to 20 KHz, ± 0.1 dB

Signal to noise

-100 dB typical

D/A

Burr Brown 24 bit PCM 1704

Dynamic range

16 bit linear

THD+N

Better than -90dB @ 1KHz

Channel separation

Better than -100 dB @ 1KHz

Offset voltage

Better than 0.005 VDC

Clock Jitter

Less than 50 picoseconds RMS, 20Hz to 40KHz

Laser semiconductor

GaAlAs, 0.5 mw, continuous, 790 nm

Sampling rate

352.8 KHz

Disc rotation velocity

200-500 rpm (constant linear velocity)

Quantization

16 bits linear

Error correction

CIRC principle

Number of channels

2 channels, stereo RCA and XLR pairs

Digital outputs:

AES/EBU and Single-ended RCA connector

Dimensions:

Gross: 24" x 21 1/4" x 10 1/4"

Net: 19" x 14" x 3 3/4" (W x D x H)

Weight:

Gross: 28 lbs. Net: 20 lbs.

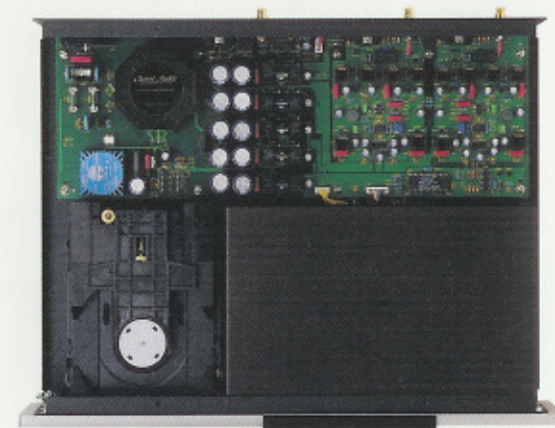

As you can see from the above specifications, this is a CD player to be listened to.

Features and specifications:

CDP-1.5

The CDP-1.5, is our top of the line integrated CD player. Designed and manufactured right here in North America, the new player meets our highest standards for quality of build and musical integrity. The mission statement for the CDP-1.5 included a requirement that nothing short of a separate transport and DAC combination would sound as good. Classé designed the player for sophisticated listeners, such as someone with a growing library of CDs and a requirement for a reliable, highly musical player to maintain the value of their library well into the next century. To satisfy these requirements we have reduced jitter to essentially unmeasurable levels, utilized the newest Burr-Brown 24 bit DACs, and included automatic sensing and decoding of HDCD coded CDs.

Because the CDP-1.5 has HDCD it will play your most advanced discs. We have included digital outputs to make it possible to connect it directly to a digital preamp, like our Surround Sound Processors. For additional convenience, the CDP-1.5 comes with a handsome remote control fabricated in a brushed and anodized aluminum housing. In addition to its flawless performance, the CDP-1.5 has excellent fit and finish, and many usability features. Overall, the CDP-1.5 offers a very high value. The CDP-1.5 looks and feels and sounds like the Classé product you expect to own for years.
